Pantalone sportivo, tessuto in freschissima microfibra, per fitness e tempo libero da indossare in estate con una semplice t shirt. I trainer di acquafitness lo conoscono bene e ne apprezzano freschezza, vestibilità e versatilità sia in piscina, che in palestra, che nel tempo libero.

Il capo ha una morbida lycra in vita e un laccetto di regolazione. Un altro laccetto di regolazione è presente anche a fondo gamba, così da regolare il pantalone stretto o largo. Pratiche e modaiole tasche laterali completano il capo.
